UNDP Sudan Acc Lab Exploration Team Open Source License (Version 1.1)

1. License Grant

Subject to the terms of this License, you are hereby granted a worldwide, non-exclusive, royalty-free license to:

- Use, copy, modify, distribute, and sublicense the code for any purpose, including commercial purposes, provided that:

1.1 You give appropriate credit to the UNDP Sudan Acc Lab Exploration Team and UNDP Accelerator Lab for their original work, in any usage, distribution, or derivative work of the code. Such attribution must be visible in any user interfaces, documentation, or other prominent locations where end users are likely to encounter it.

1.2 You modify at least 25% of the original source code before deploying or utilizing it in production environments. Direct copying and deployment of the unmodified source code, or any substantially identical work, is not permitted.

2. Attribution Requirements

In any usage of the code, whether modified or unmodified, the following attribution must be provided:

"This project builds upon code created by the UNDP Sudan Acc Lab Exploration Team and the UNDP Accelerator Lab. This digital public good is intended to contribute to the development of ecosystems for open access, governance, and SME participation in deep innovation."

Attribution must be provided in any distributed or derivative works, prominently in user-facing interfaces, websites, documentation, or any materials related to the code.

3. Modifications and Derivatives

3.1 You are encouraged to make modifications and improvements to the source code.

3.2 Any modifications, adaptations, or derivative works must also include attribution to the original creators (as specified above).

3.3 You may distribute your modified version under the same or a compatible license, provided that you comply with the 25% modification requirement stated in Section 1.2.

4. Limitation on Deployment of Unmodified Code

The deployment, commercialization, or distribution of this code in an unmodified form, or with minimal changes, is strictly prohibited. To deploy or distribute this code, you must alter at least 25% of the source code. Such modifications should represent a meaningful contribution to the functionality or structure of the code.

5. Warranty Disclaimer

This code is provided "as-is", without any warranties or guarantees of any kind. The authors disclaim all implied warranties, including, but not limited to, the implied warranties of

merchantability, fitness for a particular purpose, and non-infringement. You assume all risks associated with the use and modification of this code.

6. Limitation of Liability

In no event shall the original authors, including the UNDP Sudan Acc Lab Exploration Team and UNDP Accelerator Lab, be liable for any claim, damages, or other liability, whether in an action of contract, tort, or otherwise, arising from, out of, or in connection with the code or the use or other dealings in the code.

7. Governing Law

This License shall be governed by and construed in accordance with the laws of Sudan. Any disputes arising under or in connection with this License shall be resolved in accordance with Sudanese law.

8. Contribution to the Ecosystem

The goal of this digital public good is to support the growth of open-access innovation, foster ecosystems for technological development, and encourage participation from small and medium enterprises (SMEs). By contributing to and using this code, you are supporting open governance, accessible innovation, and collective progress in deep technology.

9. Intellectual Property Rights and Accreditation of Methodology

The Automated Horizon Scanning methodology implemented in this code is the intellectual property of Wigdan Seedahmed. The methodology forms the underlying framework, while the code itself has been developed and localized by the UNDP Sudan Acc Lab Exploration Team in collaboration with the UNDP Accelerator Lab.
Any use of the code must provide appropriate credit as follows:
- The methodology should be credited to Wigdan Seedahmed.
- The code should be credited to the UNDP Sudan Acc Lab Exploration Team and UNDP Accelerator Lab.
This accreditation must be provided in any user interfaces, documentation, or other locations where end users interact with or reference the code and its implementation.

By using, modifying, or distributing this code, you agree to the terms of this License.
